The Jetsetter NXT Supreme hot tub. Small space.

For elegant design and sophistication without a large footprint, choose the Jetsetter NXT. The more compact Jetsetter can be integrated into smaller patios, yards, and decks, yet features all the extraordinary design elements of the NXT Collection, including the exclusive wireless remote. Perfect for small families or empty nesters! Beautiful design and innovative features in one small package!

A hot tub can be the perfect gift for the family. A gift that keeps on giving for years and years! A hot tub provides so many benefits. Enjoy a more restful sleep, spend quality time with your loved ones, start your day out enjoying a cup of coffee and a morning soak, or relax after a long day ... the list goes on and on. Young, old and in between all enjoy a good soak in a hot tub.

Caring For Your Hot Tub Surface

Watkins sent out a reminder that we'd like to pass along to you about caring for your hot tub shell:

- **Do not leave the hot tub shell material exposed to direct sunlight** unless it is filled with water.
- Keep items that generate heat (BBQ, heat lamps, etc) away from the hot tub.
- Many cleaning agents like Simple Green, Windex, Spa Mitt or alcohol based cleaners can damage the shell.
- The use of plain water and a clean rag should easily remove most dirt. Most household cleaners are harmful to your spa's shell.

The following products are the **ONLY** approved cleaning agents for your spa shell: plain water, Brilliantize®, Soft Scrub® or Hot Spring Freshwater Spa Shine®. Damage to the shell caused from use of harsh chemicals is not covered under warranty. Always rinse off any cleaning agent with fresh water.

Cover Care Tips

- 1) Test your water on a regular basis. Bad water chemistry can cause your hot tub cover to mildew.
- 2) **AVOID USING A RAKE, SHOVEL OR OTHER SHARP TOOLS TO REMOVE SNOW AND ICE.** Use a Snow Brum (available at all Pool World locations).
- 3) Handle tie-downs, straps and handles with care because the cold conditions can cause the vinyl to crack or rip if not handled carefully.
- 4) As soon as the snow melts and the temperatures begin to get warmer apply a cover protectant and conditioner like 303 or Sunstar Cover Creme to the cover vinyl.

Clean Your Filters

When was the last time you **cleaned or replaced** your hot tub filters?

Did you know that your filters should be cleaned at least every 6 to 8 weeks using a good filter cleaner/degreaser and you should replace your filters every 1 to 3 years.

According to our computer records it's been over 2 years since many of our customers have replaced their filters. Old and dirty filters can lead to hot tub malfunctions and they also determine whether you're **soaking in clean or dirty water.**

Keeping your hot tub filters clean is key to **Preventing Costly Service Calls.**

Team & Club Reward Donations

We are dedicated to helping the Spokane/CDA communities and our Team and Club Rewards Program makes it easy for any person who purchases a hot tub, sauna or above ground pool from Pool World to designate a team, club or non-profit organization to receive a \$100 contribution from Pool World in that customer's name.

In the past three years we have contributed over \$22,000 to various local charities. This year the top recipients have been; the Spokane Humane Society, Kootenai Humane Society, Wounded Warriors, Union Gospel, Ronald McDonald House, Scraps, Hospice House of Spokane.

The program works best when information is available to everyone you know. This maximizes the opportunity for a team or club to receive an unlimited amount of funds. If you would like a representative of Pool World to speak at your organizations next meeting in regards to this just give us a call.

Tell your friends and family about Team Rewards. It's a great way to benefit the community!

Experience Silky ... Clean ... Clear Water

Make treating your hot tub simple and easy with no testing, no mixing, and no harsh chemical odors. Plus your skin will not be dry or irritated. Try SilkBalance today.

Your satisfaction is guaranteed or your money back.

Simply return the unused portion for a
FULL REFUND.

**FREE Auto-shipping
available**

Now available in 36 oz. and 72 oz. bottles

Want a Longer Swim Season?

Install a Heat Pump

Several customers have recently told me that they have been able to extend their swimming season an additional two months with the use of a heat pump on their pool. It's an affordable way to heat the pool and swim during months you typically could not afford to keep your gas or propane heater running.

A heat pump utilizes nature's free heat from the air to heat your pool water. Electricity is used to transfer that heat, but not to create it. Heat pump operation is significantly less expensive than gas or electric heating. It's a budget friendly, safe and trouble-free way to heat your pool.

A heat pump can be used on smaller aboveground pools or large inground pools. Heat pumps are available in a variety of sizes with an assortment of features so you can select the model that best suits your specific needs and budget. Call or stop in today and let us help you make the most of your swimming season with a heat pump that is smart for your budget and environmentally friendly.

Lay-Away for Spring Installation

If you are considering a pool renovation, new liner, pool pump, filter, heat pump, automatic cleaner or any other large items for your pool and would like to plan in advance and prepare for early installation in the spring/summer of 2015 do a LAYAWAY and get on the service books. Lock in 2014 pricing!

Call us today to discuss your plans and arrange for an Estimate!
